PLANNING FOR OUR FUTURE

Riverside Building Industry Association is dedicated to planning for the needs of OUR communities. Good planning means that new communities must complement existing communities; meet guidelines regarding water availability; and include roads, parks and schools to accommodate current and future residents.

UNCOVER THE PAST

Re-live the pre-historic Era through the fascinating Museum Tours! The Western Center for Archaeology & Paleontology is home to a fascinating array of history and Ice-Age beasts that were unearthed right here at Diamond Valley Lake. Let your imagination run wild as you walk on tempered glass which houses a large mastodon re-buried beneath the museum floor to re-create the actual dig site.
